

HOW TO BE A PLATINUM ROOFING CONTRACTOR?

Platinum Roofing Contractors have access to SOPREMA's Mammoth Platinum Warranty, covering manufacturing and installation defects causing leaks with no financial cap.

To become a Platinum Roofing Contractor, you must meet and maintain the following requirements. New applications are reviewed every 6 months, and must be sponsored by a SOPREMA representative.

GENERAL

Have owned the company for at least 2 years

Maintain an open account with SOPREMA's affiliated regional distributor

Achieve a minimum of 10,000 m² of SOPREMA's sheet membrane installation in the last year

QUALIFIED PERSONNEL

Employ at least one FOREMAN and two MEMBRANE INSTALLERS who:

1. hold a SOPREMA Approved Applicator Accreditation Card, and
2. are present every working day at every project

Install all waterproofing systems in strict compliance with SOPREMA's recommendations, installation guides and general conditions for roofing warranties

SAFE WORK PRACTICE

Provide all job sites with a safe work practice environment, insurance cover, and a complete set of appropriate tools, for the installation of SOPREMA's products
