

SOPREMA WARRANTIES

SOPREMA Australia, in conjunction with our Distribution partners and Applicators, offers a range of warranties to suit varying project and client requirements.

These vary from the Platinum Warranty (which must be applied for, is conditional and comes at a fee) to our standard Material Warranties (which are automatically given).

SOPREMA Mammoth Platinum Warranty* is unique to the Australian market as:

- it covers not only the waterproofing materials but also the installation workmanship by the Platinum approved applicator.
- It covers the Client for 20yrs, with no financial cap
- Unlike most warranties, the cover does not depreciate over time
- This equates to full coverage from Day One to Year Twenty!
- More than just a document, this is a long-term safeguard of your structure's most vulnerable layer!

*Ts&Cs apply.

SOPREMA Standard Material Warranties include:

- All SOPREMA waterproofing sheet membrane products carry a 20yr Material Warranty
- All membranes are able to show compliance with the Australian Building Code.
- The warranty is conditional to being applied by SOPREMA approved applicators and in accordance with Manufacturers guidelines
- SOPREMA materials are confirmed to have far longer service life spans than our material warranties.

***TERMS AND CONDITIONS**

- Pre-Approval for a Platinum Warranty must be submitted 3 weeks prior to the commencement of the project
- The Platinum Warranty is only available through SOPREMA Approved Platinum Applicators – hand selected contractors known for exceptional quality.
- The Platinum Warranty only applies to above ground, exposed waterproofing systems.
- The waterproofing applications have to have a minimum of 4 x inspections by an external, 3rd party inspector, paid for by the client.
- The cost of the Platinum warranty will vary, being dependent on the size of the project
